

OIL TRUST METHODS

REVEALED BY WITNESSES AT
THE INQUIRY CONDUCTED
AT CLEVELAND.

BY FAIR MEANS OR FOUL

AGENT OF STANDARD ORDERED
TO CRUSH ALL COMPETI-
TORS IN OHIO.

Cleveland, May 26.—A total of nineteen witnesses were called by Interstate Commerce Commissioners Prouty and Clements in the Standard Oil inquiry here. Testimony bordering on the sensational was obtained from several witnesses. That of George L. Lane of Mansfield, O., a former employee of the Standard Oil company, was regarded as particularly important. According to his evidence, Lane was for about fourteen months, in 1901 and 1902, employed by the Standard Oil company for the particular purpose of driving all independent oil peddlers in a dozen or more of the principal cities and towns of Northern Ohio out of business. He said he was employed by C. M. Lyons of the Cleveland office of the Standard Oil company to go to certain designated places and use every means, fair or foul, to force the independent oil peddlers in a dozen or more of the principal cities and towns of Northern Ohio out of business. He said he was employed by C. M. Lyons of the Cleveland office of the Standard Oil company to go to certain designated places and use every means, fair or foul, to force the independent oil peddlers in a dozen or more of the principal cities and towns of Northern Ohio out of business.

"My instructions," he said, "were to kill them and I was told that if I could not do the job somebody else would be sent to take my place. I worked in Youngstown and surrounding small towns, Canton, Girard, Warren, Ravenna, Massillon, Mansfield, Elyria, Oberlin and other places. In all of the towns, with the exception of Youngstown, the independent peddlers were forced to abandon their business. In Youngstown a man named William H. Vahey was encountered and, despite everything we could do, he held his trade. We gave oil away by the barrel and tank load, but it did no good. Vahey's customers threw it away."

Miss Elizabeth Protzman, a stenographer and bookkeeper in the Dayton (O.) office of the Standard Oil company, testified that information concerning the oil shipment of rivals was brought into the office by draymen and that she made careful record of them and gave them to her superior.

Standard's Telegraph System.

John O'Brien, general superintendent of the Lima division of the Buckeye Pipe Line company, a Standard concern, was asked particularly about the Standard's telegraph system, especially that part connected with the pipe line company. The inquiries succeeded in establishing the general fact that the Standard has an immense telegraph system of its own extending to nearly every part of the country and that, in carrying on its great volume of trade, it does not

often require the use of the regular lines of the two big telegraph companies. The company has its own wires, leased or otherwise, operators, offices, regulations, blanks and other stationery and sometimes sends messages for persons not connected with the company. The witness denied that the company exchanged business with the Western Union Telegraph company at points where one had an office and the other did not.

D. E. Byles, secretary and treasurer of the Independent Refining company, limited, of Oil City, Pa., offered testimony concerning railroad rate discrimination against his company and that in order to hurt their business in Indiana the Standard agents circulated reports that the Oil City company was in reality a Standard Oil concern.

Frank J. Heimerich of Bellevue, O., told how his independent oil business was all but ruined by the methods of the Standard.

W. J. Cram of Marinetta, O., testified that the Standard for years hounded his company and that the company was finally compelled to sell its property at a low figure.

W. E. Wall, president of the Fred T. Clark company, oil dealers of Cleveland, pointed out on rate sheets the irregularities in rates to different points in the country.

E. M. Gibbs, a merchant of Tipton, O., said he was compelled to handle the Standard's oil because the Standard's agents threatened to start another store close by and sell every article he sold in competition.

DEMURRER IS SUSTAINED.

Freight Traffic Manager of the Burlington Discharged.

Kansas City, Mo., May 26.—George H. Crosby, general freight traffic manager for the Burlington railway, was discharged by Judge McPherson in the United States district court. The court sustained the demurrer of Crosby's counsel, holding that no evidence had been presented to connect Crosby with a conspiracy as charged in the indictment returned last December by the grand jury. This indictment charged that Crosby had conspired with George L. Thomas, a freight broker, and L. B. Taggart, his clerk, to pay rebates to certain persons.

Then the two cases against Thomas and Taggart were considered. In the first case, in which the defendants were charged with conspiring with Crosby to pay rebates, the demurrer of the defense was granted. In this case Judge McPherson said, in effect, that the evidence showed that if a crime had been committed it was committed in New York or Chicago, outside the jurisdiction of this court. The contracts made by shippers with Thomas could not be considered overt acts, the court said, because on their face they were legitimate contracts.

In the second case against Thomas and Taggart, in which they are charged with conspiring with shippers to obtain and pay rebates, Judge McPherson overruled the demurrer. In this case, the court said, the government contended there was an addenda to the contract and that addenda contemplated a crime by conspiracy. The court would not say there was not sufficient evidence that it was not done in Missouri and in this jurisdiction. The case, therefore, must go to the jury. The defense offered no evidence and the arguments were immediately begun, continuing for three hours, the case going to the jury late in the day.

Thomas and Taggart were found guilty of the charge of conspiring illegally to give rebates to shippers. The jury considered the case only thirty minutes before arriving at the verdict. Attorneys for the defendants will file a motion for a new trial. The court will not pronounce sentence against Thomas and Taggart until the motion for a new trial is disposed of.

INTERESTING DEVELOPMENTS.

Mark Closing Session of Investigation at Philadelphia.

Philadelphia, Pa., May 26.—Several interesting developments marked the closing session of the interstate commerce commission's investigation into the alleged discrimination by railroads in the distribution of cars in the bituminous coal fields. The commission has adjourned to meet at a time and place to be decided upon later. Next week the members of the commission will go to Washington to examine the evidence presented during the hearing in this city and it is likely the investigation will be resumed in that city either the latter part of next week or early the following week.

Testimony of a sensational character was given by F. Albert von Boyneburg, general manager of the Reakert Bros. company, coal operators, with offices in this city. He stated that within the past two and a half years his company's car supply had been so inadequate that the business had been practically ruined. He declared that other companies had been favored in the distribution of cars and said he had no doubt that discrimination had been practiced against his company because it had failed to make gift of stock to the railroad

officials. He gave it as his opinion that President A. J. Cassatt was responsible for the discrimination.

Through railroad employees it was developed that for a number of years and until recently the Berwind-White company's coal was shipped to tide-water without being weighed. Instead, the railroad estimated the weight of each car by adding seven per cent to the capacity figures stencilled on the car. It was also shown that the Susquehanna Coal company, which is owned by the Pennsylvania Railroad company, has the exclusive use of Greenville pier, New York harbor, and has a virtual monopoly of the sale of bunker coal to tugs and small steamers.

SQUABBLE OVER THE WEIGHT.

Nelson-Herrera Fight at Los Angeles Declared Off.

Los Angeles, Cal., May 26.—There was no fight between Battling Nelson, the lightweight champion, and Aurelio Herrera, as scheduled. After a wait of two and a half hours the crowd was dismissed because Herrera refused to weigh in.

Before the crowd of 4,500 was finally dismissed there was a squabble between the fighters and the managers over the weight. Both sides made charges of sharp practice on the part of the other in the matter of weight.

The articles of agreement called for the weighing in at 6 p. m., both men to scale 131 pounds. The men were on hand at the stipulated hour. There were scales there, but they were out of order and could not be adjusted. After half an hour's argument Jacobs sent Herrera to dinner. After that he refused to allow the Mexican to weigh in. Nelson offered to go to the baths to weigh in, but Jacobs declined.

Each side claims the appearance money and the weight forfeit.

BERNHARDT'S TRAIN WRECKED.

Noted Actress Claims Engine Was Hoodooed.

Mankato, Kan., May 26.—One of the trucks of the special train carrying Sarah Bernhardt and her company broke two miles from here, delaying the train several hours. No serious damage was done. A special carrying 100 members of the Omaha Commercial club on an excursion through the state was following but was flagged in time to prevent a collision. Bernhardt was wild with excitement and ran back and forth between her car and the locomotive. She demanded a new locomotive even after the derailed engine was replaced on the tracks. She claimed the locomotive was hoodooed because its smokestack was rusted and refused to permit her train to go ahead. The railroad was blocked several hours before a new locomotive was obtained.

NOT GUILTY OF LARCENY.

George W. Perkins, Former Officer of New York Life, Discharged.

New York, May 26.—The appellate division of the supreme court has handed down a decision discharging from custody George W. Perkins, whom the supreme court had held to await the action of the grand jury on a technical charge of grand larceny in connection with the campaign contributions of the New York Life Insurance company to the Republican national committee.

Murder in Minneapolis Resort.

Minneapolis, May 26.—Frank O. Grain, a paperhanger, was fatally beaten and kicked by Al McEwen in Amelia Mayer's resort, 217 Eleventh avenue south. McEwen, who has admitted doing the beating, is locked up at the South police station and Julius Hoffman, who professes to be the husband of the woman in the case, is locked up at the Central station in company with all the inmates of the house. Jealousy is the supposed cause of the tragedy.

One Killed and Several Injured.

Deridder, La., May 26.—J. B. Johnson was killed, A. Keating fatally injured and several others were slightly injured by a dynamite explosion at a railroad camp twelve miles from here. The men were out at target practice with rifles when one of the bullets struck a 400-pound pile of dynamite.

Earthquake in Black Hills.

Lead, S. D., May 26.—Reports have been received here regarding a serious storm which swept over Sundance and vicinity. In the town of Sundance itself a distinct earthquake shock was felt, but no damage resulted. In the outlying country a severe cyclone swept over a large district, completely destroying one farmhouse and a barn of a neighboring ranch.

Again Wins Championship.

New York, May 26.—For the fourth time in her career as a golfer Mrs. Charles T. Stout of the Richmond county club, Staten Island, won the woman's Metropolitan golf championship title at Englewood, N. J. She defeated Miss Georganna Bishop of the Brooklawn Golf club, Bridgeport, Conn., by one up in the final eighteen hole round.

MEASURE IS AMENDED

SENATE PASSES AGRICULTURAL
APPROPRIATION BILL WITH
IMPORTANT CHANGES.

BY MINNEAPOLIS INSPECTION

NORTH DAKOTA SENATOR SAYS
FARMERS HAVE LOST MANY
MILLIONS OF DOLLARS.

Washington, May 26.—The senate has passed the agricultural appropriation bill, carrying an appropriation of \$7,800,000 and without a word of debate or an objection from any source added to it as an amendment the bill providing for an inspection of fresh meats intended for domestic consumption.

The provision is along the general lines of the law for the inspection of meats intended to be shipped abroad and the work is delegated to the bureau of animal industry.

It requires that acceptable meats shall be labeled and authorizes the destruction of condemned produce. It also authorizes inspection of all animals before they enter the packinghouses and requires that those establishments shall be maintained in a sanitary condition, gives the inspectors access to all departments of them and forbids interstate commerce in fresh meats which are not marked by the inspection. The expense of the inspection is to be borne by the owners and a fine of \$10,000 and imprisonment for two years are fixed as the penalties for the violation of the provision.

The greater part of the time spent on the agricultural bill was devoted to a discussion of the provision for a government inspection of grain. Senator McCumber made an effort to have the measure so amended as to require the issuance of certificates of such inspection, but failed.

Senator McCumber attacked the grain inspection service at Minneapolis and said that the North Dakota farmers suffered the loss of millions of dollars by having their wheat graded as of inferior quality. He advocated a national inspection system.

Defended Minnesota Inspectors.

Senator Clapp defended the Minnesota inspectors, but Senator McCumber said he could prove his statements. He quoted a decision of Judge Sanborn to sustain charges of corruption against the inspectors.

In his reply to Mr. McCumber, Senator Clapp advocated state rather than federal inspection, saying that the people of Minnesota felt that already too much power is exercised by the national officials. He said the people want self-government.

Senator Hansbrough supported the contention and assertions of Mr. McCumber.

Senator Patterson pronounced the revelations of the two senators from North Dakota as startling and horrifying, surpassing anything that had recently occurred "in these days of graft."

Senator Clapp said the same charges had been made in the senate a year ago by Mr. McCumber, who had not thought enough of them to say anything from that time to this. He did not accept the figures as accurate.

A number of other bills were passed during the day.

The sea level Panama canal bill was made the unfinished business of the senate.

The message of the house declining to accept the senate amendments to the railroad rate bill was received, but the senate conferees were not named.

QUESTION OF VERACITY.

Raised Between Messrs. Cooper and Hepburn.

Washington, May 26.—In the house of representatives the question of veracity was raised between Mr. Cooper of Wisconsin and Mr. Hepburn of Iowa over a conversation in which the latter is alleged to have participated with a member of the senate and in which Mr. Cooper asserted the member of the house and the senator referred to agreed that the so-called "express company amendment" to the railroad rate bill should not remain in the bill. Both Mr. Hepburn and Mr. Cooper were exceedingly angry and they glared at one another during their colloquy.

The house was turbulent during the consideration of the rule sending the rate bill to conference, the fear of many members being that the rule which disagreed to the senate amendments en bloc might have an influence on the conferees and give them an opportunity if they so desired to vote out the express company amendment, the amendment relating

to pipe lines, and the sleeping car amendment.

With the assurance that the wishes of the house would be considered on all the amendments, the rule was adopted, twenty-five Republicans voting with the Democrats, taking the position that they would like to vote directly in favor of concurring in the senate amendments relating to the subjects named.

After the rate bill was disposed of the remainder of the day was devoted to pension legislation.

CYCLONE IN NEBRASKA.

One Person Injured and Much Property Damaged.

Oakland, Neb., May 26.—A cyclone passed over the west side of Oakland at 3 o'clock p. m. The cloud formed at Logan creek, going north. At the new town of Uehling, eight miles south, doors were blown from the elevator and the roof was blown from a car, striking Carl Johnson, aged fourteen years, slightly injuring him. Oscar Johnson, who was driving in a lumber wagon, received a slight scalp wound, his horses became separated and his wagon was found half a mile away. At John Peterson's, four miles south of Oakland, the kitchen was blown away and the main part of the house moved from its foundation. At Alf Walberg's, three miles south, the barns and corncribs were destroyed. In Oakland trees were badly twisted and coal sheds of the Farmers' Grain and Live Stock company were blown on the railroad tracks. Large hailstones broke a few windows.

BRIGHT SPRING WEATHER.

Favors Passage of Large Quantities of Produce into Final Consumption.

New York, May 26.—Bradstreet's review of trade says settled, bright spring weather favors the passage of large quantities of produce into final consumption, as evidenced by the reports of expanded retail trade, of enlarged jobbing order business and of trade at first hand in excess of the volume usual at this season of the year. Reports from the leading industries are of sustained great activity, except in some few divisions of the fuel and iron trades, where strikes curtail operations slightly. The crop situation is, on the whole, quite cheerful, the only drawback being the irregular distribution of rainfall in different districts. Fall trade, as usual, waits on crop development but is of larger volume than ordinarily at this season, evidence that so far the agricultural prospect is for yields at least equal to those of last year, on which the wonderful prosperity of 1905 was largely founded. Prices display all their former strength, the slight upward movement in cereals being based as much on manipulation of an unwieldy short interest in the current wheat option as in the reports of crop deterioration, common at this period. Reports as to collections, are, on the whole, fair to good.

BRainerd TWENTY YEARS AGO

Dispatch Files of Twenty Years
Years Ago this Week.

The wedding of W. H. Mantor and Miss Maggie Sullivan was reported, also that of David J. Snell and Miss Effie Hagadorn.

Slipp Brothers' delivery team demolished the rig in a runaway, and a Montana horse in the team took French leave of the town.

E. Y. Farrar, L. P. White and J. A. Davis were appointed commissioners to appraise the value of lands overflowed by the backwater from the dam.

Frank Titus was hurt by being thrown from a wagon and his leg run over.

C. E. Andrews quit the police force here and went to Duluth.

Brainerd was working tramps on the street—that is until they escaped from the street commissioner. Six were reported as escaping in two days.

I. U. White's little boy got hold of a bottle of chloroform liniment and swallowed some of it. He was saved by prompt work.

Brainerd had two Odd Fellows lodges, Wilsey lodge and Evergreen lodge. E. B. Closson went to grand lodge as the representative of Wilsey lodge and N. H. Ingersoll represented Evergreen lodge in the grand body.

E. W. Lynch was keeping a grocery store.

A building at the corner of Sixth and Maple, then vacant, but formerly used for a private school by Mrs. Conant, was burned. An adjoining residence occupied by John Chamberlain was damaged. The fire was thought to be of incendiary origin.

MISSISSIPPI IS STILL RISING

River Has Been Out of Its Banks
All Spring and Shows no
Signs of Falling

THE FLAT IS COVERED

Crops in Other Places are Suffering Much More Than
They are Here

The water in the Mississippi river at Brainerd is again on the rise, it having come up about four inches last night. Seldom has the river continued out of its banks so long as it has this year. In fact it has been out of its banks at Brainerd a large part of the past year. It rose in June last and established a new high water mark at the pump house and though after several weeks it again receded from the flats north of town, it came up again in the fall so that there was skating on the flats nearly all winter. When the snow went off, the river raised rapidly and has remained so high ever since that the pump house crew have had to use a boat all spring in going to and from their work. And the worst of it is that there seems no sign of an end to the high water. There was no chance this year to release the water in the government reservoirs during the spring high water and the usual June rise and just what the result will be if the rainy weather continues, is a matter of doubt. Brainerd and the Upper Mississippi river are far from being alone in their tribulation, however, and according to reports from other sections, the crops in Crow Wing county are standing the wet weather much better than in most parts of the country.

MUSIC AND DRAMA.

"MY WIFE'S FAMILY" TONIGHT.

The attraction at the Brainerd opera house tonight is Stephens and Linton's merry mixup, "My Wife's Family." This ideal amusement production is a melange of comedy situations, bright lines, original repartee, dances and music. As in all farce comedies, there are innumerable complications, but instead of abandoning their plot to a single moment of explanation at the close, the authors have worked it out to a definite conclusion, and so treated the abused mother-in-law topic that it assumes a new phase in their treatment. In brief, the plot deals with the determined effort of a young husband to rid himself and his home of an inroad of a horde of his wife's relatives. To accomplish this he enlists the assistance of a man about town known as Doc Knott, and the two resort to everything short of murder. There are endless situations which keep the house in an uproar, with enough music and dancing to give variety. Prices are 81, 75, 50 and 25 cents.

SAN FRANCISCO DISASTER.

Says the Minneapolis Journal: "The whole story of the San Francisco disaster is told at the Metropolitan theatre by means of pictures. The display opened last night. Rarely or never has the wide-awake photographer had the opportunity that the earthquake and following fire afforded. Before the calamity was over, the moving picture man was out with his machine in an automobile making a tour of the district where the work of destruction was most complete and the films he secured are priceless as showing more graphically than any other agency the extent and horror of the disaster. In addition to the moving picture films, there are many views of the doomed city made during the fire and in the days of the first relief.

"Taken altogether, the collection affords the spectator a remarkably clear idea both as to the extent and the nature of the ruin wrought. In the tour of the moving picture almost the entire area devastated by the quake and fire is shown."

This most interesting attraction will be at the Brainerd opera house Friday, June 1st, at an afternoon matinee and in the evening.

NEW TIME TABLE
TOMORROW

Superior Division only Effectuated
and Brainerd Trains Do Not
Change Time.

NEW TRAIN FOR JUNE 10TH

The Change on St. Paul Division
Held for Lack of New Equip-
ments for Trains.

A new time table goes into effect on the Superior division of the Northern Pacific. It effects trains on the third division only, that is between St. Paul and Duluth, and trains running into Brainerd are not affected by it. The new card on the St. Paul and other divisions will not go into effect before June 10th at the earliest and it is rumored among railroad men that there may be still further delay because of failure to secure the new equipment in time. The new train between Brainerd and the twin cities will be put on when the new card goes into effect, but the card in detail has not yet been received in Brainerd. The train will leave here at 5:45 a. m., and leave St. Paul on the return at 6:30 p. m. It is stated among railroad men that there will be no additional service on the M. & I. The reason for this is variously assigned, some thinking it the result of Great Northern influences, which feared the effect of such a train on that road's Bemidji business. The same influences are rumored to be back of the determination not to extend the road to International Falls this season.

Postmaster Robbed.
G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At H. P. Dunn & Co.'s Drug store, Brainerd, Minn. 50 cents.

Lady was Deaf and Did not Hear
Approach of Engine Until it
Was Close Upon Her

Mrs. Joe Meyers, of Mildred, was struck by a light engine last evening about 8:30 and had her leg broken. The lady who lives about half a mile from Mildred, and was on her way to Mildred after the evening mail and was walking along the track. She is very deaf and did not hear the engine, but felt the jar just in time to turn and step to one side as the engine struck her and hurled her down the embankment. The engine crew at once stopped the engine and picked up the injured woman and carried her to Mildred. The engine was then run to Walker and Dr. Wilcox brought down. He set the broken limb and Mrs. Meyers is reported as resting easily today.

THE FIDDLERS CONVENTION

And Old Fashioned Country Dance Last
Night was a Success Despite
Bad Weather

In spite of two days' rain and bad roads the fiddlers' convention and country dance given by the Court of Honor at Gardner hall last night drew a large crowd from town and a fair attendance from the country. The fiddlers' convention resolved itself into a go-as-you-please affair. Fiddlers certainly are the most independent people on earth, for they came when they pleased—when they felt like it. The opening number was an old time classic "The Irish Washer Woman" played by Leslie Bush. The closing piece was "The Soldier's Joy" by Mr. Anderson, of Pequot. Some sat on the stage and played, others wove the old time melodies into lively dance numbers. Prizes were won as follows: Tallest fiddler prize donated by A. Mark, won by Al. Gage, of Long Lake. Shortest fiddler prize donated by Peterson & Smylie won by Wm. Wood. Oldest fiddler prize donated by Hugo Kaatz won by G. W. Whitford. Youngest fiddler prize donated by Mann Bros. won by Leslie Bush. Leanest fiddler prize donated by M. K. Swartz won by Chas. Curtis, of Long Lake. Fattest fiddler prize donated by Louis Hohman won by Cal. Duff. Fiddler traveling the longest distance to attend, prize donated by J. W. Koop, won by C. W. Anderson, of Pequot. Callers who participated were Conductor John W. Bush, of the M. & I., Wallace Mohler, of Pine River, and Messrs. Joyal, Geo. Williams and John Ludwig. Thanks are due the merchants for donating prizes and to James E. Brady for courtesies extended.

BASE BALL TOMORROW

Royalton and Brainerd Will Contend for
the Mastery at Athletic Park
at 3:30.

If the gods of weather are propitious there will be a red hot ball game at the Athletic park tomorrow afternoon when the Brainerd and Royalton teams will again strive for the mastery. The Royalton boys won out in both the games played there a couple of weeks ago, but Brainerd was shy some of her best men and they will be in the line up tomorrow, and the game bids fair to be as fast as weather conditions will permit. Remember this is a Brainerd home team composed of Brainerd boys and should have the support of all Brainerd lovers of sport. Turn out and give the boys a good crowd.

HATCHING PHEASANTS

State Game and Fish Commission Using
Incubators in Propagating Game
Birds

The Minneapolis Journal has the following to say about experiments in pheasant raising being conducted by the game and fish commission:

The state game and fish commission contemplates raising pheasants on a large scale and eventually stocking the entire state with this game bird, if an experiment about to be tried in Minneapolis proves successful.

At the St. Paul hatchery of the state commission there are now eighty pheasants. Of these, fifty-two are hens. These birds are prolific, each hen laying twenty-five to sixty-five eggs a year. But in captivity, the hens refuse to nest and hatch the eggs. Accordingly the eggs so far have been hatched in nests of common barnyard fowls.

It is now planned to use incubators for hatching the pheasant eggs. To experiment along this line, eighty pheasant eggs were today sent to expert incubator men of the International Stock Food company, Minneapolis. If the incubators are successful, they will be adopted for use at the St. Paul hatchery.

Beware of Ointments for Catarrh that
Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Volo

Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the Volo the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the Volo is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish.

The Volo represents perfection in material, workmanship and efficiency.

Who Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. The confidence of the confidence of the makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of these well-known medicines.

Amongst these writers we find such medical lights as Prof. E. H. Loring, M. D., of Bennett Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; John King, M. D., of Cincinnati, Ohio; Dr. Grover Cox, of New York; Dr. Bartholomew, of Jefferson Medical College, of Pa., and scores of others equally eminent. Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, profluviation, and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh, and a multitude of other diseases peculiar to women. It is in mind, it is not a patent medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of women's peculiar ailments, who frankly and confidently takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for women's special maladies and sold through druggists, can it be said that the maker is not afraid to declare his secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of women's peculiar ailments, who frankly and confidently takes his patients into his full confidence by telling them just what his "Prescription" is composed of.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps to cover mailing only; in cloth binding 31 stamps. Dr. Pierce's Pellets cure constipation.

Given to Future Queen of Spain by the People of Madrid.

Madrid, May 26.—The arrival of the future queen of Spain at the Pardo palace was the signal for a magnificent ovation testifying Spain's welcome to her new sovereign. At 6:30 p. m. the royal train reached the outskirts of the palace park. Here a special station had been prepared, consisting of a majestic floral arch, beneath which was suspended a huge crown of red roses and yellow jonquills. On either side of the arch was a most bearing British and Spanish banners. Beyond arose a monster arch which had been erected by the people of the neighboring village of Majahonda. It was dusk as King Alfonso and Princess Ena entered the floral station. Awaiting them there were the queen mother, the Infantas Isabella, Eulalia and Maria Theresa, Prince Ferdinand, the members of the government and the officials of Madrid. The queen mother embraced her son and his prospective bride. The party then entered carriages and took up the route to the palace. Ladies of the Madrid nobility occupied boxes along the route, from which they strewed the path of the royal party with flowers. Enormous crowds of people of Madrid had assembled outside the palace gates, the government giving the freest rein to popular curiosity. The passage of the royal party was greeted with tumultuous cheering.

Cornell Defeats Harvard.

Boston, May 26.—Cornell won her second annual boat race with Harvard by about three lengths. Harvard made a much better showing than in her last year's race with the Ithacans, when she met defeat by about seven lengths. The official time was: Cornell, 10:41%; Harvard, 10:52; distance, 1 1/2 miles.

BIG STRIKE EXPECTED

UNLESS THE RUSSIAN EMPEROR DECIDES TO GRANT A GENERAL AMNESTY.

DEMONSTRATION AT MOSCOW

COSSACKS CHARGE A CROWD AND INJURE INNOCENT WOMEN AND CHILDREN.

St. Petersburg, May 26.—Premier Goremykin at 3 o'clock p. m. will read before the lower house of parliament the government's response to the address in reply to the speech from the throne and announce the government's policy.

The purpose of Friday's demonstration to Peterhoff of Moscow was to read to Emperor Nicholas the final draft of the cabinet's declaration of policy and was not connected in anywise with the rumored shift in the ministry, which, however, is possible at no distant day. The emperor at the last moment advised a few changes in the declaration. These caused a hurried meeting of the cabinet at which alterations were drafted and inserted.

A dispatch to the Associated Press from Moscow says that denial of full amnesty probably will be followed by a general strike. Similar news has been received from other industrial centers.

If the day passes without a general amnesty or if only limited amnesty should be granted, a general strike is expected. Hundreds of people are leaving the city, apprehending a recurrence of the scenes of last December or collisions between the Black Hundreds and strikers. A strike has already begun in the suburb of Bogodorsk.

On account of the festival of the ascension a great multitude gathered at the monastery of St. Nicholas on "holy lake," in the outskirts of Moscow. Workmen in the crowd attempted to organize a demonstration, whereupon Cossacks charged the crowd fiercely. Many innocent persons, including women and children, were ridden down and lashed with the Cossacks' whips. Two persons were killed. At another demonstration near the Spassky gate a policeman's skull was fractured.

Shoot Two Russian Secret Service Officers.

Moscow, May 26.—During a meeting of revolutionary workmen in a wood on the outskirts of Moscow, two members of the secret police were discovered among the attendants. A court was immediately organized, before which the men were tried and condemned to death. As soon as sentence had been passed upon the men they were tied to trees and shot to death.

THREATENED THE PRESIDENT

Hawaiian Supposed to Be of Unsound Mind.

Washington, May 26.—Following allegations that he had threatened violence to the president, Robert P. Lewis, an Hawaiian, was arrested here on suspicion that his mind is affected and he was sent to St. Elizabeth's asylum. He is said to have come here from San Francisco to procure a patent and to have received remittances from San Joaquin, Cal. According to an agent of the Prisoners' Aid society Lewis' models were destroyed by the San Francisco disaster.

Coffee Drinkers—Versus—Beer Drinkers

Thousands of men and women ruin their health by habitual coffee drinking. Coffee produces indigestion, biliousness and insomnia, because (being an astringent) it dries up the peptic glands and strains the nerves.

Whereas medical authorities declare a fully matured barley malt beer if properly brewed and flavored with the tonic juice of fine Bohemian hops like

Gund's Peerless Beer

is one of the most wholesome and nourishing drinks in the world. It builds up bone and brain, gives energy to the mind and brings the red glow of health to the cheek. It contains only 3 1/2 per cent of alcohol. Hence it is truly a temperance beverage. Dr. Josiah Zeisler of Northwestern University of Chicago, says: "I fully believe that the moderate use of a good beer at meal times acts as a tonic, and is therefore useful to adult persons." Peerless is sold everywhere, but bottled at the brewery only where it has been brewed for over fifty years by the celebrated "Gund natural process."

All high-grade places stock it. Ask for it if you want something better than ordinary. Try a case delivered to your home. Telephone us today, we deliver it at once.
